

KC Dance Expressions Summer Program Guidelines

(as of July 3, 2020)

If dancers, anyone in their home, or anyone they came in contact with is experiencing symptoms of Covid-19, please do not come to the studio.

Arrival: Social distancing will take place in all aspects of our summer program. The waiting area is temporarily closed; dancers must be dropped off and picked up at the front door. A staff member will be at the front door greeting each dancer, one family at a time. Dancers are asked not to enter until a staff member comes out to get them. Masks or face shields will be worn by staff. Dancers are asked to wear a mask upon entering and exiting the building, and when using the restroom. For dancer's safety, they are not required to wear it while dancing or exercising. When it is your turn, please drive up to the front door and let your dancer out. Once your dancer is inside the front door, they will visit our "Sanitization Station" for a temperature check and hand sanitizer. When your dancer is all set, we will give you a wave and please pull forward so the next car can pull up.

Dancers will immediately walk from the "Sanitization Station" directly to the studio. They will bring their dance bag and wear their shoes right into the studio and choose a cubby to put their personal belongings in (cubbies are at least 6 feet apart.) Once they are situated, they can choose a square to sit in and start warming up. The studio is taped off so each dancer is in a 6'x6' box, with empty boxes surrounding them, so no one is in front of, behind, or beside them. There will be no more than 12 people in a room, including the teachers. Please see studio picture below:

The studio will be thoroughly cleaned and disinfected each day. For private lessons, the studio will be disinfected in between each lesson. Air purifiers have also been placed in both studios. Props will not be used for now. Dancers will have their own individual Acro mat (provided by KC Dance) that will be disinfected at the beginning and end of Acro class.

For camp: Drop off begins at 8:45am. dancers are encouraged to bring their own snacks and water from home. Individually packaged snacks, water, and juice will be provided if needed.

Arts and crafts will be done outside in our back fenced in area when possible. Please bring sunscreen! If we are not able to go outside, then they will take place in the studio. All supplies will be organized into separate bags for each dancer and will not be shared.

We plan on putting on a performance on Friday for parents. More details to come if this will be in-studio, outside, or virtual.

Departure: At the end of camp or the private lesson, a staff member will escort dancers out to their car. Please pull up to the front door like at drop off so we can release dancers one at a time.

ALL SUMMER DANCE PARTICIPANTS MUST SIGN AND RETURN COVID-19 WAIVER IN ORDER TO PARTICIPATE.
